REHEARSALS

The student agrees to arrive on-time for rehearsals. On-time is considered 10-15 minutes ahead of scheduled start time.

- being supportive of other members of the group

DATES & ABSENCES

The student agrees to take personal responsibility for their attendance at all rehearsals and performances. If unable to attend anything scheduled for their group, it is agreed that the student will call the office right away.

As this group does occasional performances as part of exposure to professional musicianship, there will be occasional times when an early departure from school will be required. The student and parent(s) agree to be available for these events, or to indicate within 72 hours of being informed of the event that it is not feasible. Beyond the 72 hours, it is assumed that the students will attend.

PREPARATION

The student agrees to prepare music assigned from week-to-week, arriving prepared and ready to participate. It is further agreed that the student will take proper care of their music and keep it in a folder or binder for organization, and avoiding loss.

CONCERTS & PERFORMANCES

The student agrees to arrive on-time for concerts/performances. On-time is considered 30-45 minutes ahead of scheduled start times.

The student will have all of the necessary equipment for their performance, including proper concert dress.

The student will perform at their 'stage best' behaviour including, but not limited to:

- following the organization set up by the coach
- not wasting time between songs
- not being social or joking with other group members during a performance
- helping with set-up and take-down of equipment before and after the show.

The student agrees to the above, and the parent initials to indicate their awareness of this agreement.
