

Looking for fun, engaging learning activities for your family?

Private, online music instruction for ages 5+ with friendly, experienced teachers

## The Benefits of Learning Music

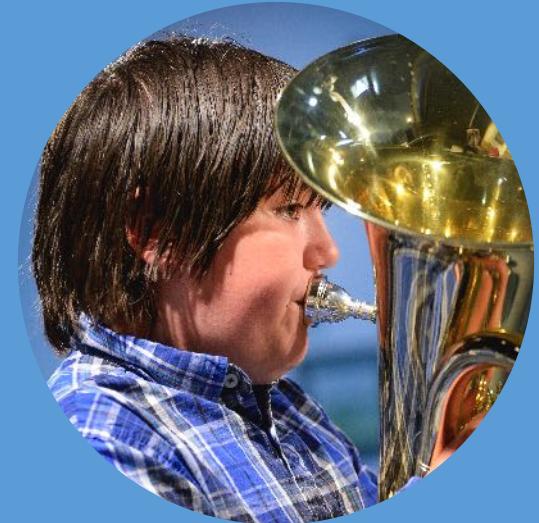

While learning music is remarkable for nurturing young, creative minds, learning music at any age or stage has a lasting positive effect in so many other ways. It's beneficial in helping students:

- Develop patience, focus, and good study habits
- Reduce stress and anxiety
- Boost self-esteem
- Improve memory and listening skills

## Music Learning Impacts All Learning – including academics

A recent study published in the *Journal of Educational Psychology* reports that high school students who play musical instruments score significantly higher in science, math, and English exams than their non-musical peers. Measured by their exam grades, the study's music students were the equivalent of about one academic year ahead of their peers in these subjects.

## Why ABC Academy of Music?

Established in 2004, ABC Academy of Music offers:

- Online private lessons during COVID-19 lockdown and beyond. Once in-person lessons are available, students can continue online or resume lessons at our midtown Toronto school at Oakwood & St. Clair.
- Qualified, experienced, friendly & safe teachers – all of our teachers are university trained or have equivalent certification & have undergone a Vulnerable Sector Reference Check. They're also passionate about their jobs – they love teaching music! [Meet our amazing teachers](#)
- Positive, supportive music instruction for all ages & stages – from five-year old kids to seniors and beginner to advanced students, we design music lessons to encourage and challenge students while meeting the unique way they learn best.
- Instruction in a broad range of musical styles to suit your preference – classical, jazz, pop, rock music, and more!

## We offer online private lessons on the following instruments:

- Piano
- Acoustic Guitar
- Electric Guitar
